THE BUSINESS OF BEING BORN

Birth: it's a miracle. A rite of passage. A natural part of life.

But more than anything, birth is a business.

Compelled to find answers after a disappointing birth experience with her first child, actress **Ricki Lake** recruits filmmaker Abby Epstein to explore the maternity care system in America. Focusing on New York City, the film reveals that there is much to distrust behind hospital doors and follows several couples who decide to give birth on their own terms.
