The story of Bradley Crowder and David McKay, who were accused of intending to firebomb the 2008 Republican National Convention, is a dramatic tale of idealism, loyalty, crime and betrayal. Better This World follows the radicalization of these boyhood friends from Midland, Texas, under the tutelage of revolutionary activist Brandon Darby.

The results: eight homemade bombs, multiple domestic terrorism charges and a high-stakes entrapment defense hinging on the actions of a controversial FBI informant. BETTER THIS WORLD goes to the heart of the war on terror and its impact. In collaboration with the award winning series POV.

One generation from now most people in the U.S. will have spent more time in the virtual world than in nature. New media technologies have improved our lives in countless ways. Information now appears with a click. Overseas friends are part of our daily lives. And even grandma loves Wii.

But what are we missing when we are behind screens? And how will this impact our children, our society, and eventually, our planet? At a time when children play more behind screens than outside, PLAY AGAIN explores the changing balance between the virtual and natural worlds. Is our connection to nature disappearing down the digital rabbit hole?
